*Please provide your comments in the space provided below. The **Built Environment** area of focus aims to make to make buildings, streets, sidewalks, and shared spaces accessible to all. For examples of policies and actions, consult the Town of Wolfville's Accessibility Plan from pages 8-12.*

1. Commitment

To ensure buildings are accessible to all.

2. Starting Point

a. Overview

To examine the state of buildings with the objective of determining what changes need to be made to make buildings accessible.

b.

c. Achievements

List the areas that have been approved.

d. Barriers

Examine the possible barriers, from the points of view of those who have more difficulty than someone without physical or other difficulties.

3. Policies

With the information gathered, form the policies that will ensure accessibility for everyone. ___

4. Actions

Assemble the appropriate work forces to get the work done.

5. Top Pories

Perhaps, do the easier tasks first.

6. Other Priorities

Then prioritize by the tasks that have the most benefit. _____
