

May 2, 2019

Coun. Shaun Hatfield
Municipality of the District of Barrington
2477 Highway 3, P.O. Box 100
Barrington, NS B0W 1E0

Dear Coun. Hatfield:

Western Counties Regional Library wishes to continue its partnership with the Municipality of the District of Barrington during the 2019 Children's Summer Reading Club. I am asking the municipality to provide us with 20 (10 pairs) of 2020 public swimming passes as draw prizes for participants in Shelburne County. Young readers are motivated by reading rewards for participating in this literacy initiative. The prizes are a fantastic way to thank participants while getting them to read through the summer months.

The reading club runs from June 21 to Aug. 23 and its theme is *Nature*. This summer, the TD Summer Reading Club invites participants to unplug and take a moment to explore the stories and science of nature through adventure and play — to marvel at a growing seed, be awed by extreme weather, and wonder about our connection to each other and the earth that sustains us. The prizes would be drawn in late August/early September from children who have read a minimum of 10 hours over the summer.

In return for sponsoring the children's reading club, the Municipality of the District of Barrington will be listed as a sponsor in the children's reading club publicity and marketing related to the reading club. Every sponsor receives a full report on the program in the fall.

If you have any questions about this letter or the program, please do not hesitate to contact me.

Sincerely,

Ian White
