

To Whom It May Concern:

Saturday, May 15/2021

This letter is in regards to a piece of property on highway 3 in Atwood's Brook within the Municipality of Barrington. Due to my father's failing health he interested in selling his property at 4684, Atwood's Brook.

My father, Harold Smith has lived at this address for many years and has witnessed many accidents on the dangerous turn in front of his house. When my mom was living she kept an album of newspaper stories written about some of the accidents which occurred there. I am including a few of *these with my letter.*

Before placing the house and property in the hands of a real estate agent I felt it was important to make The Department of Transportation aware of this and to provide you with the opportunity to purchase this property making it then possible to deal with this dangerous stretch if highway. I believe the many citizens of Barrington Municipality who travel this highway each day are deserving of the best and safest highway possible.

I understand that highway repairs and construction of the magnitude that I am suggesting take much time and planning. I would ask however that you consider this as quickly as possible and respond to me or to the Barrington Municipal Council informing us if there is any interest in pursuing this offer.

Yours truly,
Rickey Smith (son of Harold Smith)

A handwritten signature in blue ink, appearing to read "Rickey Smith", written over the typed name.
