As you know 1500 volunteers took part in the 2023 Barrington Lake Wildfire, this event is to give back to the many volunteers that gave of themselves during this event. We came together as a province, and a small idea has turned into this event.

At present we have a total of \$33000 in the bank.

An Eventbrite account has been set up for all the tickets to be distributed, we are in the process of emailing each individual dept that took part.

As well all councilors are invited as well as provincial government officials.

We have designed a medal to be given to each member and have asked for the province to cover those cost.

The committee each has its own role.

We will try to answer all questions that you have.
