**Subject:** Funding Decision for SCCF Application Round 2

**Follow Up Flag:** Flag for follow up  
**Flag Status:** Completed

Dear applicant,

Thank you for your application to the Sustainable Communities Challenge Fund (SCCF). We appreciate your interest and effort in applying for the grant, and your patience with the selection process delays.

After careful consideration, we regret to inform you that your application was not successful this round. The Fund received a high number of competitive applications, and unfortunately, we were unable to fund all the proposed projects.

All applicants, both successful and unsuccessful, have been notified of the status of their application. Thank you again for your interest in the Fund.

### Exploring Future Opportunities for Support

If you would like to pursue other funding opportunities beyond the SCCF to support your project, we would like to introduce you to Clare Arsenault with the Department of Environment and Climate Change (ECC).

As part of the Province of Nova Scotia's ongoing commitment to assist local community groups in accessing funding for their climate change initiatives, ECC hired Clare as its dedicated Funding Navigator. Clare is well-positioned to guide you through available funding programs and provide valuable assistance in charting a course forward.

For inquiries regarding alternative funding opportunities and support to advance your climate change work, please don't hesitate to contact Clare at [clare.arsenault@novascotia.ca](mailto:clare.arsenault@novascotia.ca).

We wish you all the best in your future endeavors.

Sincerely,

Fund staff
