2447 Hwy 3, PO Box 100

Dear Warden Nikerson,

Thank you for your letter of September 27<sup>th</sup>, 2021 regarding the proposed Coastal Protection Act Regulations. I applaud the District of Barrington for recognizing the need to protect our valuable coastal ecosystems and to make sure future development is less vulnerable to sea level rise and coastal erosion.

This letter will confirm we have received your council's response to our consultation. We will make sure we consider your concerns and questions carefully as we continue work on this important initiative. It is our intention to create a "What We Heard" report later this fall, which will summarize input we received from municipalities and other stakeholders during the consultation.

Again, thank you for taking the time to review the consultation documents and we look forward to further engagement with municipalities as we refine our approach to the Coastal Protection Act Regulations.

Sincerely,

A handwritten signature in black ink, appearing to read "T. Halman".
