

The Shelburne County GeoTrail Adventure consists of 32 geocaches located throughout the County. All geocaches are officially registered on geocaching.com. Participants will need to be registered on geocaching.com to retrieve the coordinates and other location information. Registration is free.

Each cache has a unique code written on the inside of the cache's container lid. As you find the geocaches, record the code next to the cache number on your Adventure Passport and log the cache on geocaching.com.

There are two levels of rewards for the GeoTrail Adventure:

Silver Level - Finding 18 + of the 32 caches, you will be rewarded with a Shelburne County GeoTrail trackable button.

Gold Level - Finding 27-32 of the caches will reward you with a limited edition Shelburne County GeoTrail trackable coin.

When you have completed a level, please mail your completed passport (retain a copy for your own records) to the address listed, or you may stop in to the Shelburne County Tourism Manager's office during business hours to obtain your reward. (See inside for addresses)

Coin and buttons will be awarded on a first come first serve basis as supplies last. Only one coin and/or button per cacher name with a valid passport. Once your passport has been validated you will be rewarded with a Shelburne County GeoTrail button and/or coin.

Coins and buttons will be awarded on a first come first serve basis as supplies last. Only one coin and/or button per cacher name with a valid passport. Once your passport has been validated you will be rewarded with a Shelburne County GeoTrail button and/or coin.

How to Use Your Adventure Passport

Geocaching Frequently Asked Questions

WHAT IS GEOCACHING?

Geocaching is the ultimate treasure hunt. A geocacher can locate a cache location using GPS technology and then share the cache and location online. Anyone with a GPS device can try to locate a geocache.

WHAT'S USUALLY IN A CACHE?

A cache always contains a logbook or logsheet for you to log your find. Larger caches may contain a logbook and any number of items. These items turn the adventure into a true treasure hunt. You never know what the cache owner or visitors to the cache may have left for you to enjoy. Remember, if you take something, leave something of equal or greater value in return.

GEOCACHING IN 8 SIMPLE STEPS

- Go to www.geocaching.com and register for a free account.
- Click "Hide and Seek" a Cache.
- Enter a Postal Code or address and search "Shelburne County GeoTrail Adventure" for a list of all the caches.
- Choose any geocache from the list and click on its name.
- Enter the coordinates of the geocache into your GPS Device.
- Use your GPS device to help you find the hidden geocache.
- Sign the logbook and record the code in your cacheport and return the geocache to its original location.
- Share your geocaching stories and photos online or on our Facebook page.

RULES OF GEOCACHING

If you take something from the cache, leave something of equal or greater value. Geocache contents should be family friendly. Respect local laws and obey posted signs. Write about your find in the cache logbook. Log your experience at www.geocaching.com and/or on our Facebook page.

HAVE FUN!

The Shelburne County GeoTrail is simply a series of geocaches tied together by a common theme. There is not necessarily an itinerary, as we would think of a traditional trail, but rather a series of points of interest in a self-guided goal-oriented plan. The quest to find these caches will take participants throughout the rugged, coastal and scenic land of Shelburne County.

Participants can pick and choose which participating caches they wish to seek, based on their choice of location, difficulty, and terrain levels. If you find 27 or more caches, you will be rewarded with a unique geocoin that represents the GeoTrail. See the rules for how to go about finding the caches and claiming your coin!

While you're searching for caches don't forget to stop, take a look around and explore other attractions. Be sure to check out our local restaurants, specialty stores, trail network, beautiful Shelburne County vistas, and so much more! Much more lies beyond the GeoTrail so don't be afraid to step off the trail and take a stroll through Shelburne County!
