

Procedure for Naming a private road/lane

- 1- Complete petition – all affected property owners sign and provide present civic number. Provide suggested name of road. Return the signed petition to civic numbering co-ordinator.
- 2- Civic numbering co-ordinator searches suggested name of road in the “ Nova Scotia Civic Addressing File” to ensure the name is not presently used.
- 3- If name is not already in use then the petition goes to council for approval of the name.
- 4- Once road name approved then civic numbering co-ordinator ensures road is mapped properly and assigns new civic numbers to the property owners that are affected.
- 5- Private roads or lanes require road signage and shall be posted in accordance with the civic numbering bylaw. The property owners suggesting the road name are responsible for ensuring the signage is posted in accordance with Department of Transportations requirements. (contact DOT). The cost of such signs are also the affected property owners responsibility.
